

## HYDROPOOL Who We Are...

Founded by Dale Papke, Hydropool Inc. originated in 1970 as a commercial swimming pool company and in 1978 became one of the first hot tub retailers in North America. Initially, Hydropool purchased hot tub shells locally from another manufacturer, then plumbed and assembled them in house. By 1980 Hydropool began manufacturing their own hot tubs in Toronto Canada handcrafted by experienced designers.

In 1997 Hydropool acquired the assets of an Indiana based Swim Spa manufacture and developed the Aquatrainer, Aquasport and Aquaplay series Swim Spas. Dale created a reputation for innovation and building quality products. The demand for Hydopool's products continued to grow substantially since its inception, and in 1995, David Jackson was brought aboard as an operating partner. In 2006, David assumed the role of president and is known to be easily accessible by Hydropool's customers.

Today Hydropool's products are sold through a 250-plus retailer network in over 40 countries around the world. Our success comes from delivering a top-quality product that continues to exceed consumers expectations. Every retailer is professionally trained to assist you in selecting the ideal hot tub or swim spa to match your needs based on your budget and lifestyle.

### **THE GOAL**

We want to be the pre-eminent manufacturer of hot tubs and swim spas globally. Such a tall order means we expect the very best from our people and in turn, reward them accordingly. Whether it's our products, marketing and advertising programs, sales training or field service training and support, our team is devoted to providing the very best experience in the industry.

### **THE PROMISE**

Hydropool offers a fun-filled, challenging work environment. We take pride in applying our unique and innovative approach to everything we do. We listen carefully to our customers and team members and use their feedback to guide our decisions and direction. We are committed to continually training and educating our team to broaden their skills, which enables them to provide a superior product and customer service experience.

# The HYDROPOOL Evergreen Commitment Enhances Your life In More Ways Than Ever.

Hydropool's Evergreen Commitment allows our customers to rest comfortably knowing they are enjoying a premium hot tub or swim spa experience that will enhance the environment as well as their lives for years to come.

**THE WORLD'S FIRST CARBON NEUTRAL HOTTUBS AND SWIM SPAS.** Hydropool is committed to minimizing and neutralizing the carbon emissions from our manufacturing processes. Our lean manufacturing initiatives are constantly reducing the size of our carbon footprint. Our Tree Planting Program ensures that we support environmental projects that neutralize the carbon emissions in our manufacturing processes.

**THE WORLD'S FIRST HOTTUB AND SWIM SPA MANUFACTURER APPROVED BY THE STATE OF CALIFORNIA.** Hydropool is committed to be on the leading edge of developing energy efficient technologies. Our unique Self-Cleaning, and HydroWise Thermal Shield Systems enable us to meet the rigorous energy efficiency standards of the state of California.

**ENVIRONMENTALLY RESPONSIBLE PRINTING.** Hydropool is committed to supporting responsibly managed forests in order to protect wildlife habitats, to ensure clean water and to keep our forests healthy for generations to come. Therefore, all of our corporately produced posters and brochures are printed by companies certified by the Forest Stewardship Council (FSC) on FSC approved paper.

**REDUCE, REUSE, RECYCLE.** Hydropool is committed to reducing the waste that we send to landfills. In addition to Lean Manufacturing initiatives which reduce and/or reuse waste materials we are also engaged in a corporate wide recycling program. Even the Everlast Cabinetry on our hot tubs and swim spas are recyclable.

# EXCLUSIVE FEATURES

## Self-Cleaning Technology

### THE WORLDS EASIEST SWIM SPA TO MAINTAIN.

The Hydropool Swim Spa's PATENTED Self-Cleaning System is always on the job and cleans 100% of the water every 40 minutes, that's an incredible 3 times in 2 hours!

Optimized Surface Filtration is provided by the strategically placed HydroClean Filtration Jets that create a continuous flow of water, pushing all floating debris towards the high flow skimmer, boosting the efficiency of the Self-Cleaning System. The High Flow Skimmer & Pre-Filter clean the surface while under the water filtration jets push the heavier debris toward the HydroClean Floor Vacuum more effectively circulating water care products.

Our new easy to access Removable Core Filter with Microban and inner core for increased filtration provides extended cleaning cycles while out of contact and sight from bathers.

Adding the optional HydroClear PureWater System will dramatically reduce sanitizer needs. All these features reassure you'll spend less time, energy and money maintaining your Hydropool, and more time enjoying it with family & friends.

### OTHER FEATURES INCLUDE:

- Optional HydroClear Pure Water Technology.
- EZWatercare System.
- Automatic Chemical Feeder.

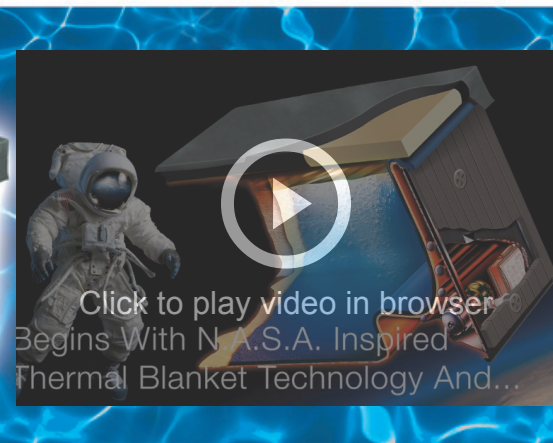

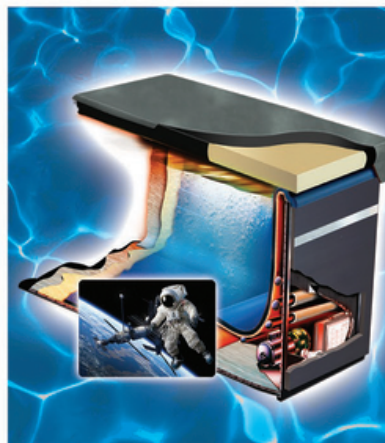

## HydroWise Thermal Shield Technology

Hydropool Swim Spas are engineered to be the most energy efficient swim spa in the world, providing 86°F / 30°C for pennies a day. Designed for Canadian Winters, the HydroWise Heat Shield Hard Cover is a heavy-duty tapered locking hard safety cover that has insulating baffles in all fold areas to lock in heat and keep the cold out. The insulated floor and sides, insulated acrylic shell and plumbing all wrapped with a NASA inspired Thermal Shield that reflects the heat back into the swim spa.

The insulation system is completed by exclusive fully adjustable vents. These vents are the core of the heat exchange technology system. Heat is retained for maximum energy efficiency during the winter

by closing the vents and exhausting excess heat in the summer by opening the vents.

Hydropool was one of the first companies to not only meet but exceed the state of California

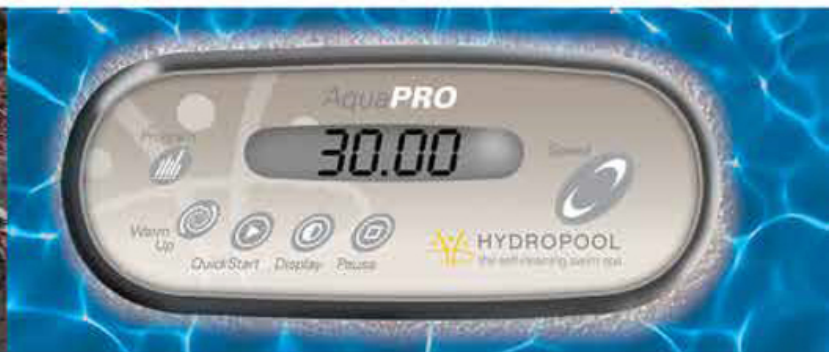

## EXCLUSIVE WATERCARE The World's Only Self-Cleaning PureWater Swim Spa.

Upgrading to the HydroClear PureWater System with the Self-Cleaning technology creates nothing less than pure enjoyment. If clean and safe water is important to you, Hydromax offers the most efficient water purification system in the world by combining UVC Light and Ozone.

The Ozone stage purifies the water as the water passes through the patented MicroCell and reduces overall chemical usage. The water then passes through a chamber exposing it to a high volume of UVC Light. The combination of UV and Ozone creates active oxygen that prevents biofilm and eliminates 99% of all contaminants, reducing your need for sanitizer and shock treatments.

The system is automatic and is on whenever your water is circulating.

**SIT BACK AND LET THE HYDROCLEAR PUREWATER SYSTEM DO ITS WORK.**

## EXCLUSIVE BUILT IN TRAINING PROGRAMS Hydromax's Revolutionary AquaPro Personal Swim and Training Control
